I can't seem to find the Gold King Ops viewer.

Could one of you provide the specific url? Or is it password protected?

Thanks.

Gina,

Laura has a TERA account (see account information below) , but we are not loading any Gold King Mine data into TERA. There is a Gold King Mine Ops viewer where all Gold King Mine related data are being exposed. Access to this viewer should be through the OSC.net webpage for Gold King Mine.

Hi John,

Would you please grant Laura Archuleta access to TERA? She is USFWS working with our OSCs on area planning.

Bob/Laura, we should discuss...is there a time tomorrow or Friday that works for the two of you? Let me know and I'll send conf line info.

Thanks!

Sure.

Gina – If Laura doesn't already have TERA access, can you get her set up?

Thanks.

I was on the R8 OSC website...not sure if there are data uploaded besides the ASPECT imagery.

When Gina sends you the mapper access info, will you forward to me?

Thanks!
